## Book Synopsis

Hardcover. Pub Date: 2008 Pages: 1100 Publisher: Lippincott Williams & Wilkins This text integrates the Basic medical Concepts and related scientific Information to provide a strong foundation of general athletic training practices. Using a problem-solving approach to prevention, Recognition, assessment, management, and disposition of sports-related injuries and diseases, this text provides athletic trainers and athletic training students with the most extensive, challenging content in a user-friendly format. This edition features a full-color art program and more extensive injury photographs. Anatomy line art superimposed onto a real human helps students visualize the location of key muscles, nerves, and blood vessels. A companion Website on thePoint will offer a variety of student and instructor ancillaries.
