## PDF Books NHS Plc: The Privatisation of Our Health Care - Online

### Book detail

- Title : PDF Books NHS Plc: The Privatisation of Our Health Care - Online
- isbn : 1844675394

### Book Synopsis

A crisp clean softcover, no markings throughout:\nAn excellent guide, not only to the woes of the NHS but, by extension, to those of all the public services in Britain. ... It is a lamentable tale of private enterprise without enterprise, and public expenditure without public purpose. (New Statesman )\n\nThis is a shocking story, brilliantly told. (Raymond Tallis )\n\nA tale that demands to be read by every person in this country who has a stake in the NHS and the remnants of the welfare state, and indeed, everyone with democratic instincts ... told with lucid and detailed authority. (Guardian )\n\nAllyson Pollock confirms suspicions that something is rotten in the state of the UK's health system. NHS plc should be required reading for every clinician and patient in the UK. (The Lancet )\n\nPollock applies a remorseless logic that is hard to resist ... a stimulating and powerful argument. (Times Higher Education Supplement )\n\nA brave, necessary book. And because you know the government thinks you shouldn't read it, you probably should. (British Medical Journal )\n\nRequired reading for everyone who works in the biggest industry in the country and everyone that uses it. (Claire Rayner )
