Book Synopsis

-Do you look in the mirror and see a smile that embarrasses you?

-Have you had bad dental experiences in the past?

-Do you have MISSING teeth, FAILING teeth or ill-fitting dentures that just don't work?

-Are you tired of social embarrassment, not getting noticed by that special someone or looking older than you are?

-Do you seriously desire to CHEW COMFORTABLY and knock ten years off your appearance? (Hint: Many of our patients claim that most people rave about how they look like they've "lost weight, gotten a haircut, and look ten years younger" as a bonus from their new smile)

-Do you secretly desire to have a bright, white, healthy smile, preserve your existing teeth and live a longer, healthier, happier life?

-Are your current dental problems most likely due to putting off dental care because of fear, anxiety, or a busy schedule?

-Are you sick and tired of ill-fitting dentures, missing, or worn-out teeth?

If you've answered "YES" to any one of these questions, then this book may just be the most important and emotionally life changing book you've ever read.
